

Commercial Vehicle Pass System Workshop

Wednesday, September 1, 2010

1:00 – 2:30 pm

**British Columbia Trucking Association
100 – 20111 93A Ave, Langley, BC**

In Partnership With:

Hosted By:

About this Workshop:

Washington State Department of Transportation (WSDOT) Offers New
Commercial Vehicle Detour Pass

Washington State's new Commercial Vehicle (CV) Pass System supports freight movement by authorizing emergency, essential, and other goods delivery to travel on limited access detours during a highway disruption of two to seven days.

The state will activate the CV Pass System when major freight highways are closed or severely restricted, and a limited-capacity detour is available nearby. CV passes (detour passes) will be issued based on the highway detour's capacity and the priority of goods carried, as determined by the State Emergency Operations Center. Detour Passes will not be issued until WSDOT has determined the detour route to be safe, potentially on the second or third day after the highway closure.

Shippers and trucking companies may request and receive CV passes online when a major truck highway closure or capacity reduction occurs.

Attendees will learn:

- How the new CV pass system will work, step by step;
- Washington State's CV pass priority categories;
- How the CV pass system will be enforced.

Guest Speaker:

Barbara Ivanov, Co-Director, Freight Systems Division
Washington State Department of Transportation (WSDOT)

Agenda:

1:00 pm Welcome and introductions
1:15 pm Overview of the new commercial vehicle pass system
1:50 pm Try out the online CV pass system – Attendees
2:30 pm Adjourn

BRING YOUR OWN LAPTOP

Please bring your own Wifi enabled laptop to try out the online CV pass system during the information session.

There will also be a demonstration of how the online system works on an overhead projector.
