### SPECIAL PRICING FOR BCTA MEMBERS ----- SAVE \$170 ON MANUAL AND UPDATE SERVICE

## FLEET SAFETY COMPLIANCE MANUAL

**Special Member Pricing:  
Manual \$99.00**

**Manual with 1 year update:  
\$208.00**

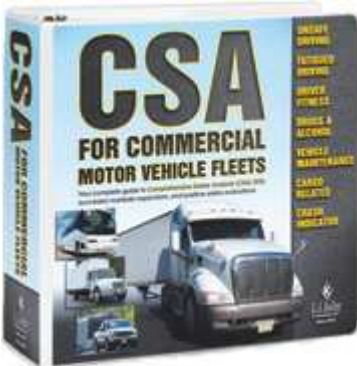

J. J. Keller's *Fleet Safety Compliance Manual* provides fast, easy access to word-for-word FMCSR regulations and more than 700 official DOT interpretations.

Plus, this timesaving manual gives you clear, concise explanations covering key fleet safety topics:

- **Logging** -- includes "how-to" illustrations and explains the hours of service rule
- **Driver qualification** -- provides examples of required forms for each driver's file
- **Equipment** -- describes parts and accessories required by the regs
- **Accidents** -- walks you through proper paperwork and procedures
- **Operations** -- explains driver responsibilities and restrictions
- **Maintenance** -- summarizes vehicle inspection requirements
- **Safety ratings** -- explains how safety ratings are determined

Also includes New Entrant Safety Audits regulation information.

## CSA FOR COMMERCIAL MOTOR VEHICLE FLEETS

**Special Member Pricing:  
Manual \$99.00**

**Manual with 1 year update:  
\$208.00**

This brand-new manual is your complete guide to the new CSA 2010 initiative. Roadside inspections, safety evaluations, interventions and self-audits are thoroughly covered, including helpful tools, best practices, the regulations, and inspection procedures.

Designed for all for-hire carriers and private fleets, this comprehensive manual will provide you with the critical information you need to operate successfully under FMCSA's new enforcement initiative, CSA 2010.

With 800+ pages of easy-to-understand material at your fingertips, you'll be able to get all of your CSA 2010 questions answered, including the following:

- How your company's safety data is being collected, measured, and evaluated under CSA 2010
- What the new out-of-service criteria are
- What the seven Behavioral Analysis Safety Improvement Categories (BASICS) are and how they affect your safety ranking
- How to perform a self-audit using the new Safety Measurement System (SMS)
- What driver information will be available to you
- How the FMCSA will intervene if you have a poor safety ranking
